Literature and Ourselves Gloria Mason Henderson 2011-02 This thematically organized anthology has been updated to reflect the changes in the MLA Guidelines and treats literature as a continually expanding commentary on our infinitely varied lives, helping students make the connection between literature and their own unique life stories.

Literature X. J. Kennedy 2009-08-01 The compact version of the most popular Literature anthology continues to bring students the finest literature in a newly revised, easier-to-study format. Literature is written in an engaging style that reflects the warm personal voice of X. J. Kennedy and Dana Gioia. Some of the changes to the new edition include conversations with celebrated fiction writer Amy Tan, U. S. Poet Laureate Kay Ryan, and contemporary playwright David Ives; the addition of new writers including Naguib Mahfouz, Virginia Woolf, Sherman Alexie, Mary Oliver, Bettie Sellers, and Anne Deavere Smith; and every chapter concludes with a review of key terms for easy reference. The Writing section has been thoroughly updated to reflect MLA's latest guidelines.

Inventing Arguments, 2009 MLA Update John Mauk 2009-07 Organized around common rhetorical situations that occur all around us, INVENTING ARGUMENTS, Second Edition, shows you that argument is a living process rather than a form to be modeled. Through the text's prominent focus on invention, you will learn to recognize the rhetorical elements of any argumentative situation and apply the tools of argument effectively in your own writing. The basic layers of argument are introduced in early chapters, with material arranged into increasingly sophisticated topics beginning with the most obvious or explicit layers (claims) and moving to more implied or

"hidden" layers (values, beliefs, ideology). By the time you finish Chapter 4, you will have a thorough understanding of argument--which you can then apply not just to the invention projects in Chapters 6-11 but also to your writing for other college courses and beyond. This edition has been updated to reflect guidelines from the 2009 MLA Handbook for Writers of Research Papers, Seventh Edition.

Language and Linguistic Diversity in the US Susan Tamasi 2014-12-02 This highly engaging textbook presents a linguistic view of the history, society, and culture of the United States. It discusses the many languages and forms of language that have been used in the US -- including standard and nonstandard forms of English, creoles, Native American languages, and immigrant languages from across the globe -- and shows how this distribution and diversity of languages has helped shape and define America as well as an American identity. The volume introduces the basic concepts of sociolinguistics and the politics of language through cohesive, up-to-date and accessible coverage of such key topics as dialectal development and the role of English as the majority language, controversies concerning language use in society, languages other than English used in the US, and the policies that have directly or indirectly influenced language use. These topics are presented in such a way that students can examine the inherent diversity of the communicative systems used in the United States as both a form of cultural enrichment and as the basis for socio-political conflict. The author team outlines the different viewpoints on contemporary issues surrounding language in the US and contextualizes these issues within linguistic facts, to help students think critically and formulate logical discussions. To provide opportunities for further examination and debate, chapters are organized around key misconceptions or questions ("I don't have an accent" or "Immigrants don't want to learn English"), bringing them to the forefront for readers to address directly. *Language and Linguistic Diversity in the US* is a fresh and unique take on a widely taught topic. It is ideal for students from a variety of disciplines or with no prior knowledge of the field, and a useful text for introductory courses on language in the US, American English, language variation, language ideology, and sociolinguistics.
