How Democracies Lose Small Wars Gil Merom 2003-08-04 In this 2003 book, Gil Merom argues that modern democracies fail in insurgency wars because they are unable to find a winning balance between expedient and moral tolerance to the costs of war. Small wars, he argues, are lost at home when a critical minority mass shifts the center of gravity from the battlefield to the market place of ideas. Merom analyzes the role of brutality in counterinsurgency, the historical foundations of moral and expedient opposition to war, and the actions states traditionally took in order to preserve foreign policy autonomy. He then discusses the elements of the process that led to the failure of France in Algeria and Israel in Lebanon. In the conclusion, Merom considers the Vietnam War and the influence failed small wars had on Western war-making and military intervention.

Scoop Evelyn Waugh 2013-12-18 William Boot, der beim »Daily Beast« eine Kolumne zum Thema Natur und Landleben hat, wird 1938 aufgrund einer Verwechslung als Kriegsberichterstatter in das afrikanische Krisengebiet Ishmaelia entsandt. Boot erweist sich entgegen allen Erwartungen seiner Aufgabe gewachsen: Die Bekanntschaft mit einem Geschäftemacher und einer schönen Ausländerin verhilft dem belächelten Korrespondenten zu einer sensationellen Exklusivstory.

Needless Deaths in the Gulf War 1991 Based on interviews conducted during the war with those who fled bombing as well as subsequent research and analysis, this challenges the report of allied commanders that they took every feasible step to avoid civilian death and injury. Krieg Ian Morris 2013-10-08 War! What is it good for? Absolutely nothing - heißt es in einem legendären Antikriegssong. Stimmt nicht, sagt Stanford-Historiker Ian Morris. Seine umfassende Globalgeschichte enthüllt eine ungeheuerliche Wahrheit: Zu allen Zeiten hat Krieg Leben vernichtet - aber auch Innovationen gebracht, Gesellschaften erneuert, Frieden und Fortschritt vorangetrieben. Der Krieg hat etwas Gutes, lautet die kontroverse These vom Meister des "Big Picture". Ist Krieg als Triebfeder des Fortschritts sogar notwendig - auch heute noch? Morris riskiert nicht nur eine provokante Frage, er ist auch in der Lage, sie zu beantworten.

Politics, Ego & Command Vulnerability Brigadier General James M. Abraham 2014-12-16 This book is about the mistakes and errors that the author experienced and witnessed in Europe during World War II. The author has had feelings of sorrow about the soldiers who died needlessly and the possibility that the war might have ended sooner. The book contains both what actually happened and what might have happened. It is beyond belief that a fighting Third United States Army under the command of Patton would be stripped of food, fuel and supplies to stop him from fighting. The book then moves to the post World War II Cold War and how it might have been different had General Patton been allowed to fight. An interview with a doctor who came here from Yugoslavia provides details about how life was there. The few veterans who were there and still living will recall many of the events in the book. The book is written in the memory of the soldiers who died needlessly or were wounded because of the failure of command. Also, this book is meant to be a lasting tribute to a man who was the true warrior, the best general we have ever produced and the general who the Germans feared the most, General George S. Patton, Jr., Commander of the Third United States Army.

Bill's Bible Briefs Bill Taylor 2020-07-22 The information and teaching contained in this work is the accumulation of nearly sixty years of experience as a Christian, most of that time and experience in various leadership roles from youth group officer as a teen to church elder and assistant pastor. The author has been involved in numerous and varied denominational and nondenominational groups and churches and various moves of the Spirit of God within the Church. It is the author's strong belief that Christ's return is coming soon and that Jesus is calling His Bride into a level of preparedness for that day that will change the Church. This work is a collection of papers written to address various issues and aspects of the Christian faith and walk. These papers were written at various times over many years, but primarily after 2015. Some were written from speaking notes or Sunday school lesson outlines. Others were issues that the author had observed were affecting portions of the Church or revelations he felt were from the LORD. Consequently, the subjects are eclectic and wide-ranging from spiritual gifts serving in the kingdom of God to child discipline; from spiritual warfare to basic spiritual rebellion; from the principle of tithing to small church groups. Consequently, the reader should review the list of titles and determine which topic or topics the Holy Spirit is directing him or her to read.

No Place to Run Tim Cook 2011-11-01 Historians of the First World War have often dismissed the important role of poison gas in the battles of the Western Front. Tim Cook shows that the serious threat of gas did not disappear with the introduction of gas masks. By 1918, gas shells were used by all armies to deluge the battlefield, and those not instructed with a sound anti-gas doctrine left themselves exposed to this new chemical plague. This book provides a challenging re-examination of the function of gas warfare in the First World War, including its important role in delivering victory in the campaign of 1918 and its curious postwar legacy.

Die Flüsterei: Leben in Stalins Russland Orlando Figes 2012-10-08 Viele Darstellungen behandeln die sichtbaren Aspekte der stalinistischen Diktatur: die Verhaftungen und Prozesse, die Versklavung und das Morden in den Gulags. Kein Buch hat jedoch bislang die Auswirkungen des Regimes auf das Privat- und Familienleben der Menschen untersucht, den »Stalinismus, der uns alle ergreift«, wie es ein russischer Historiker einmal formuliert hat. Auf der Basis von Hunderten Interviews mit Zeitzeugen und zahllosen bislang unbekanntem Dokumenten liefert nun Orlando Figes in Die Flüsterei erstmals einen unmittelbaren Einblick in die Innenwelt gewöhnlicher Sowjetbürger und zeigt an zahlreichen eindrucklichen Beispielen, wie Einzelne oder Familien in einem von Misstrauen, Angst, Kompromissen und Verrat beherrschten Alltag um ihr Überleben kämpften. Für die Zeit der Revolution von 1917 bis zu Stalins Tod und darüber hinaus rekonstruiert Figes das moralische Gespinnst, in dem sich die allermeisten Russen gefangen sahen: Eine einzige falsche Bewegung konnte eine Familie zerstören oder am Ende womöglich deren Rettung bedeuten. Keiner konnte sich sicher fühlen, nicht einmal die Überzeugten Anhänger des Regimes. Wahrheit und Wahn, Schuld und Unschuld waren in diesem Unterdrückungssystem immer wieder auf fatal miteinander verquickt. Orlando Figes' neues Meisterwerk - in seiner erzählerischen Wucht und Aufrichtigkeit vergleichbar mit Grossmans Jahrhundertroman Leben und Schicksal - ist das breit angelegte Porträt einer Gesellschaft, in der jeder nur noch flüstert - entweder um sich und andere zu schützen oder um zu verraten. Ein ebenso schonungslos erregender Bericht davon, wie schwach - und wie unvorstellbar stark - Menschen in einer von Paranoia geprägten totalitären Gesellschaft werden können.

Lucifer's War Linda Rios Brook 2012-10-02 Something Has Gone Terribly Wrong in Our World Two thousand years after the cross, evil continues to brutalize and pillage in every nation and no one appears able to do very much about it. Why has the church made so little progress? While Satan lost his authority to rule on the earth, he did not lose his power. Failure to recognize this crucial difference has caused us to miss the point as to what the war over the planet is about and therefore, what we must do to win it. Lucifer's War offers a detailed, historical examination of Satan, the demon gods who are aligned with him, and their ancient struggle with God over humanity. While the church is the only agency on earth authorized by Jesus to deal with evil at its root cause, believers must acknowledge what has not worked and pursue a different strategy that will. This book will change the way you pray, equip you to understand the times we are living in, and prepare you for what may happen next and what you can do about it.

War and Television Bruce Cumings 1994 Television has come to play an ever more decisive role in the preparation and planning of war, as well as in its execution. In War and Television Bruce Cumings carefully explores the history of television's relationship to US warmaking since World War II, up to and including its presentation of the carnage in Kuwait and Iraq. Cumings examines Vietnam, long thought to have been the first television war, but finds that characterization more apt for the Gulf conflict which was fought through, packaged by, and sold to the public on television. At the centre of the book is the extraordinary tale of Cumings's own experience as historical consultant to a Thames Television production, Korea: The Unknown War, and his subsequent trials with the Public Broadcasting System when the film was released for North American distribution.

What Really Causes Needless Casualties of War? Jonathan Paul Brenneman 2017-08-23 Has God given his people authority over evil powers that oppress cities and nations? Or have we only been authorized to cast demons out of individuals? A problem came to the forefront in Christian circles in the 1990s. Believers were suffering devastating demonic attack after attempting to assault "regional principalities." As a result of these negative and even scary experiences, many concluded that God never gave us authority over these evil powers in the first place. Jonathan Brenneman re-examines that assessment. While drawing from the lessons learned by previous leaders of the "spiritual warfare" movement, he also challenges many deep-rooted assumptions. He brings to light serious scriptural problems with the position that Christians only have limited authority over Satan's power. Rather than dismissing the problem of "needless casualties," he offers a re-diagnosis of the cause. Readers are saying this teaching has removed the fear and confusion surrounding the topic of spiritual warfare. It also includes: -Modern-day testimonies of overcoming severe demonic attack, and the lessons learned -Scriptural and historical examples of a single righteous person displacing a principality -Testimonies of God's Kingdom advancing regionally as Christians confront and trample on principalities -How to trample on principalities -Several problems with trying to distinguish between evil spirits in the second heaven and those on earth -Why there are no levels of authority over Satan for Christians, only "all authority." -How Christians sometimes mentally acknowledge gospel truths but don't act accordingly -How we leave a gospel position and thus become vulnerable to attack by trying to "break the devil's power" -Why the devil has no legal rights, and the difference between a "legal right" and a "foothold" -How the legal approach to the demonic realm makes us vulnerable to attack -How "identificational repentance" initiatives, although bringing healing and reconciliation, have been misunderstood -How fear can make us vulnerable to demonic attack -How to avoid the trap of "practicing the presence of demons" -Why a "heavy spiritual atmosphere" is a lie -Why heavy emphasis on "amassing a spiritual army" has become unbalanced and falls short of scripture -Lone rangers of the Bible -Why we should reconsider warnings about mocking Satan -Should we "bind" territorial spirits? -Is our sword any different than the sword of the Lord? What Really Causes Needless Casualties Of War? is practical and encouraging, rooted in both scripture and experience. Stimulating fresh thinking, it leads to a renewed vision for what God is able to do on the earth through Christ's body, the church.

A History of Chemical Warfare K. Coleman 2005-05-23 This book provides an analysis of the development and deployment of chemical weapons from 700BC to the present day. The First World War is examined in detail since it remains the most significant experience of the chemical threat, but the Second World War, and post-war conflicts are also evaluated. Additionally, protocols attempting to control the proliferation and use of chemical weapons are assessed. Finally, the book examines the threat (real and imagined) from a chemical warfare attack today by rationally assessing to what extent terrorist groups around the world are capable of making and using such weapons.

Warfare Prayer C. Peter Wagner 2009-10-28 Warfare Prayer provides a toolbox and an operator's manual for those who take seriously the Apostle Paul's statement that we wrestle not against flesh and blood but against principalities and powers. The demonic world around us is a reality, but all too few believers understand that realm of darkness to say nothing of having the skills to use effectively the weapons of warfare that God has given us. Based on a combination of sound biblical theology and real life experiences, this book is a user-friendly guide for those committed enough to join the army of God.

Das Geschlecht der Zukunft Edward Bulwer-Lytton 2015-04-23 Dieses eBook: "Das Geschlecht der Zukunft" ist mit einem detaillierten und dynamischen Inhaltsverzeichnis versehen und wurde sorgfältig korrekturegelesen. Aus dem Buch: "So will ich denn in aller Kürze sagen, daß, als ich den Ingenieur in das Innere des Bergwerkes begleitete, ich so seltsam von dessen düsteren Wundern überrascht wurde und so großes Interesse an den Forschungen meines Freundes nahm, daß ich meinen Aufenthalt in der Gegend verlängerte und mehrere Wochen hindurch täglich in die Gewölbe und Schächte, die sowohl Kunst wie Natur unter der Erdoberfläche gebildet hatten, hinabstieg. Der Ingenieur war der festen Meinung, daß ein noch weit größerer Reichtum an Mineralien, als schon aufgefunden worden war, in einem neuen Schachte, dessen Bohrung unter seiner Leitung begonnen war, verborgen sei." Edward Bulwer-Lytton (1803-1873) war ein englischer Romanautor und Politiker des 19. Jahrhunderts.

Star Wars: Engaging the Heavens in End-Time Warfare Adebajo Oluwadare 2021-03-11 Our world is hurtling towards a momentous climax. The opposing hordes of darkness are fighting for their very lives with all the bitterness and defiance they can muster because they realize that the close of the age is upon them. As they draw upon their last reserves of strength, the methods and measures of warfare that the Church has known are being stretched, thus the Church must be equipped with the knowledge of the kind of warfare this season calls us to and what weapons we have been provided with by heaven to rout the enemy and his minions. Star Wars: Engaging the Heavens in End-time Warfare is a word in season that unpacks the counsel of God for believers to arise in the glory and power of Christ's ordination and release the judgement written upon all the enemies of God. The author, through this book, unveils deep mysteries that are set to cause a major shift, redefine spiritual warfare and recalibrate the church into alignment with her destiny as was determined before the fall of creation. The book goes into the heart of the Father to download from the original blueprint of creation that mankind deviated from when Adam fell from glory heights. It stirs and redirects the heart of the reader away from the activities of the old wineskin which are not rooted in the pursuit of kingdom purpose and destiny fulfilment to focused alignment with kingdom activities that fulfil destiny as originally intended by God.
