Published ten times annually, JazzTimes provides uncompromising coverage of the American jazz scene.

Idea Man Paul Allen 2011-06-26 Paul Allens Ideen begründeten einen Weltkonzern. Gemeinsam mit Bill Gates schuf er 1975 Microsoft. Der Erfolg des Softwarekonzerns beruht vor allem auf Allens einmaligem Gespür für technologische Trends. In seiner Autobiografie erzählt er zum ersten Mal die faszinierende Geschichte der Unternehmensgründung und seiner schwierigen Freundschaft mit Bill Gates. Ungeschminkt berichtet er von seinen Kämpfen mit Gates und seinem Abgang Anfang der achtziger Jahre, nachdem Gates mehrfach sein Vertrauen gebrochen hatte. Doch auch nach seinem Abschied von Microsoft blieb Allen als erfolgreicher Investor und technologischer Pionier aktiv. Es ist das faszinierende Porträt eines der reichsten Männer der Welt, eines technologischen Genies und begnadeten Geschäftsmanns.

Global Mobile Satellite Communications Stojce Dimov Ilcev 2005-12-05 Global mobile satellite communications (GMSC) are specific satellite communication systems for maritime, land and aeronautical applications. It enables connections between moving objects such as ships, vehicles and aircrafts, and telecommunications subscribers through the medium of communications satellites, ground earth stations, PTT or other landline telecommunications providers. Mobile satellite communications and technology have been in use for over two decades. Its initial application is aimed at the maritime market for commercial and distress applications. In recent years, new developments and initiatives have resulted in land and aeronautical applications and the introduction of new satellite constellations in non-geostationary orbits such as Little and Big LEO configurations and hybrid satellite constellations as Ellipso Borealis and Concordia system. This book is important for modern shipping, truck, train and aeronautical societies because GMSC in the present millennium provides more effective business and trade, with emphasis on safety and commercial communications. Global Mobile Satellite Communications is written to make bridges between potential readers and current GMSC trends, mobile system concepts and network architecture using a simple mode of style with understandable technical information, characteristics, graphics, illustrations and mathematics equations. Global Mobile Satellite Communications represents telecommunications technique and technology, which can be useful for all technical staff on vessels at sea and rivers, on all types of land vehicles, on planes, on off shore constructions and for everyone possessing satellite communications handset phones.
